Proposition Made By Thomas A. Davis to Donate \$100 to Beautify the Market Street Square

The current issue of Leslie's Weekly contains a panoramic view of the city of Budapest, the most beautiful in all Europe, showing its magnificent buildings, wide avenues and small parkways, many of the latter not one-tenth the size of the recently destroyed Market Street Esplanade. Beneath the picture is the inquiry, "Why Can't We Build Cities Like This?"

The answer is that we have too many vandals on the "Infernal" Improvement Committees, who destroy rather than improve.

The recent sacrifice of the only remaining shade tree on the Esplanade was an inexcusable blunder that under

PROPRIETARY MEDICINES PRESCRIBED BY DOCTORS

Examination of the formulary department of leading drugstores throughout the country has proved that a very large percentage of the prescriptions filled for doctors are for proprietary medicines. This is because the average doctor of today is unable to devise prescriptions equally as efficacious. Such-standard remedies as Lydia E. Pinkham's Vegetable Compound are prescribed over and over again by fair-minded physicians throughout the country.

A GRAND MEETING

Proceedings of the Recent Mason County Sunday-School Convention at Mayslick

(Delayed.)

The annual convention of the Mason County Sunday-school Association was held on July 14th and 15th in the Mayslick Christian Church, and was in every respect the most successful ever held in the county. Rev. B. F. Chatham presided at three of the services, the last being in charge of Rev. F. W. Harrop.

The first service on Thursday evening was well attended by the numerous delegates and visitors as well as by the people of Mayslick. State Secretary George Joplin delivered a powerful address on the subject "Is the Boy Worth Saving?" and every feature of the program was interesting and impressive.

On Friday morning, the crowds began to arrive early and all roads in Mason county seemed to lead to Mayslick. Practically all of the forty-four Sunday-schools were represented, and large delegations from the Maysville Churches arrived long before the opening hour. After a splendid song service, reports were received from all the Districts, and these were followed by the report of the County Secretary. It was highly gratifying to the workers to see what rapid strides had been made throughout the county during the past year in both the matter of attendance and the adoption of improved methods. It is evident that the people have come to realize that the Sunday-school is not a side issue of the Church, but that it is the Church. Secretary Joplin gave another helpful talk, and the Elementary Conference, presided over by Mrs. Ziegler, brought out many excellent points. One of the most beautiful features of this session was the model Primary service presented by twelve little ones from Maysville and Mayslick.

When the hour for adjournment arrived, the entire assemblage was invited to the Baptist Parsonage, where the ladies of Maylack served an elegant and beautiful lunch.

The afternoon session opened with a praise service followed by an inspiring account of the World's Convention by Miss Mary Wilson, who was official delegate from Mason county. The remainder of the afternoon was given over to practical discussions and the adoption of resolutions thanking all who had assisted in making the convention such a splendid success, including the efficient County Secretary, the press and the good people of Mayslick. The election of officers for the ensuing year resulted as follows:

President—Miss Mary Wilson.

Vice-President—Mr. George Frank.

Secretary—Miss Lida D. Woods.

The closing session was as usual the best, the program being varied and interesting. Dr. John Barbour gave an excellent talk on "The Importance of Bible Study" and a beautiful recognition service was held. After many expressions of hope for greater work in Mason county during the coming year, the convention was finally adjourned.

HAPPY RESULTS

Have Made Many Maysville Residents Enthusiastic

No wonder scores of Maysville citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Maysville by Doan's Kidney Pills.

Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About a year ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches were also common and I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, and I was often confined to my bed for a week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. There was an almost complete retention of the kidney secretions and my body became bloated. I had about despair of ever being cured, when I read of a person who had been rid of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Ad dress, F. J. WANT GUNS

To Teach Pupils of Paris Schools
Military Tactics

Military tactics may become a part of the
Public School system in Kentucky, and whether
or not it does in a measure depends upon the
success made of it if introduced in the Public
School work at Paris.

Superintendent Chapman of Paris was in
Frankfort to confer with Governor Wilson and
Adjutant General Johnston about securing some
guns from the State Arsenal to be used in the
drill work. He did not say whether or not he
had been successful in his mission.

"I sincerely trust that public sentiment will be so aroused, and will make itself felt so effectively, as to guarantee that this is the last prize fight to take place in the United States and it would be an admirable thing if some method could be devised to stop the exhibition of the moving pictures taken thereof."—Theodore Roosevelt.

PROFESSOR A. WOEIKOF, after an examination of the geographical and economic conditions of the problem, announces his conclusion that in the future meat will become too expensive for ordinary food, and that man must eventually derive practically all his sustenance from the vegetable kingdom. THESE United States are now staggering along with three National Capitals, as it were—Washington, Beverly and Oyster Bay. Lincoln, Neb., would also like to get in the swim.

But for payments from the general fund during the year of \$33,911,673.37 for the Panama Canal, a surplus of all receipts over all disbursements would be shown of \$13,007.116.67.

THE World says that President TAFT's motive for sending NAGEL and WICKERSHAM to Alaska is not a political one, but to ascertain the truth as to the charges that the GUGGENHEIMS have control of the territory. The President will no doubt also send an expedition to Indiana to see if Senator BEVERIDGE owns the Hoosier State.

If the payment of all honest debts on this earth was one of the requisites to get through the pearly gates at which St. Peter stands guard, there is no doubt but what a good many fellows on this earth at the present time, should they meet with sudden death, would be unable to prove that their earthly accounts were squared with those to whom they were indebted. As life is uncertain, it behooves every man to settle up their little accounts, remembering that their creditors have their obligations to meet and must have money to pay them.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is something that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of time you will find that you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsi. For the step in the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently, then it will clean the stomach and bowel muscles to again work naturally at certain hours, then buy it of your druggist for fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it to the very best effect.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small expense.

In the experience of many families like that of Drs. Oscar Fleener, Unionville, Ind., J. F. Daniel, Saxon, Tex., and hundreds of others that can be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or any member of the stomach, liver or bowel absolutely free of charge. Explain your case in a letter and he will reply to you in detail.

For the free sample simply send your name and address on a postal card or otherwise, and with it request the doctor's address is Dr. W. B. Caldwell, R.507 Caldwell building, Monticello, Ill.
